

# Virtual Showroom Visit Notes

Welcome to our virtual showroom! This is an exciting part of your project and we have designed our online showroom so you can view the stones from the comfort of your home.

There is a lot to see! We are passionate about stone and travel far and wide to select beautiful natural stones. We are happy to answer questions to help you, but we are **wholesalers** and **not** interior designers! Browse our huge selection of stone to get a sense of color and tones that you like.

**Explore our custom color coding. We have color coded all slabs of natural stones to give you a sense of availability and processing from the quarries.**

Add these notes to your kitchen renovation project folder. When you are ready, you can visit one of our showrooms in Haverhill or West Bridgewater, see your choices up close and make your final selection.

**Take notes of the materials you like.** We encourage you to take notes on materials you like to help narrow your selection.
